

SZTE-GUEST Wi-Fi
setup guide for
workstations with
Windows 10 operation system

Minimal hardware requirement:

Wireless network interface card with support of:

- 802.11 a/b/g/n/ac WiFi standards
- WPA/WPA2 Enterprise TKIP/AES encryption

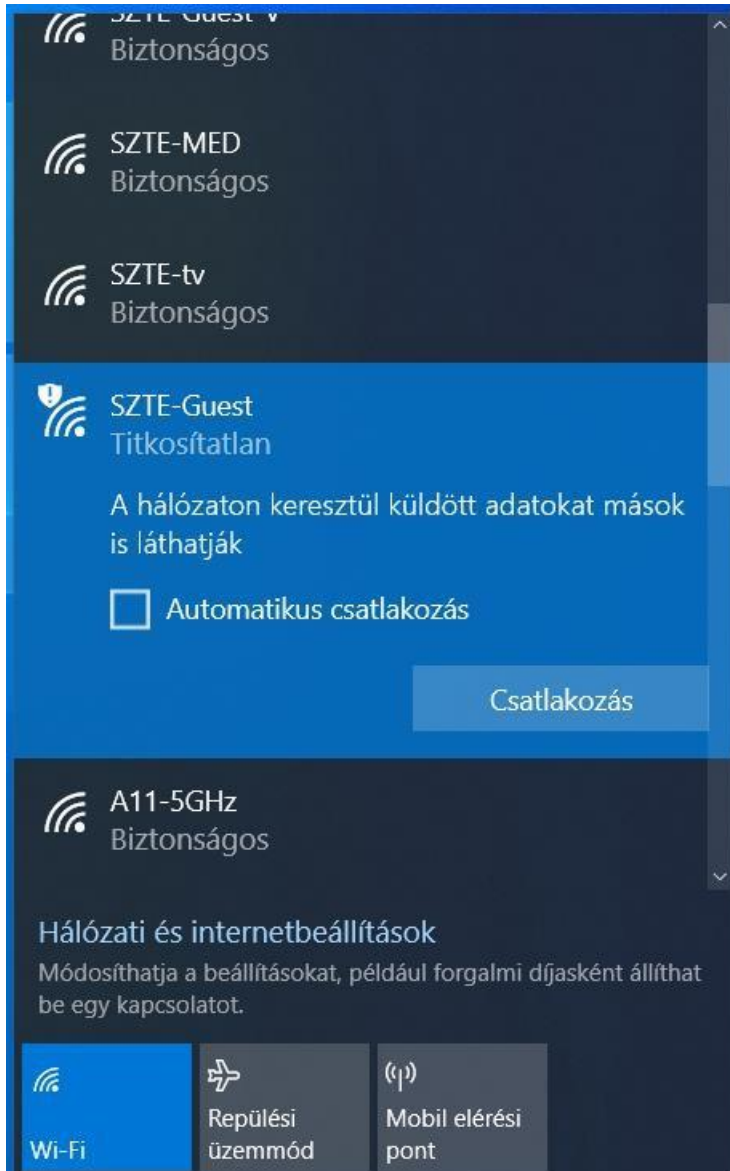

Minimal software requirement:

- Any operation system with WiFi support (i.e. Windows 10).

Optimal setup:

- 802.11ac WiFi standard and adapter with 5Ghz support

To get started, left-click on the network icon in the lower right corner of the taskbar and search for the "SZTE-Guest" network. Click on the 'Connect' button.

As you connect to the network, the following webpage will open in your default browser with the terms of use:

University of Szeged

SZTE-GUEST WiFi TERMS OF USE

The terms of use of the service are as follows:

The User uses the WiFi service provided by the University of Szeged at his / her own risk and has the necessary devices to use the service. The University of Szeged excludes its liability for all damages and claims incurred in connection with the use of the service, in particular with regard to:

- in case of a failure of the User's device used to access the Internet;
- in case of virus infection, data theft, data loss;
- in case of damage caused by the pages visited in the User's system;
- in case of the internet connection's possible failure, delay, disconnection, failed or faulty data transmission and related data loss, disclosure of data or data becoming available to unauthorized persons.

In connection with all this, the User may not make any claims against the University of Szeged.

The University of Szeged may change the conditions of using the WiFi service without prior notice, including its content, technical characteristics, usage rights, and the spatial and temporal availability of the service. The User acknowledges that he / she can only use the service in compliance with the provisions of the applicable legislation, in particular:

- copyright infringement;
- illegal distribution of intellectual property;
- illicit gainful activity;
- use of the service directly for business purposes, reselling it or making it available as his / her own service;
- distribution of advertisements;
- violation of the privacy rights of others;
- activity that is offensive to others (such as the religious, ethnical, political or of a different nature of sensitivities that is insulting to others) or harassing others.

The University of Szeged shall not be liable in particular, for any unlawful use of the WiFi service by Users or for any damages resulting therefrom, including damages resulting from the User storing or transmitting data, information which he / she has obtained without authorization or infringes rights or other legislation.

The University of Szeged may log the traffic data generated during the use of the WiFi service, manage the log file in accordance with the relevant legal regulations, and in case of an official request, issue the data required by law in connection with the given use. Modifications or repairs may be made to the network without prior notice, and access to the network may be restricted, terminated or suspended at any time, and continuous, error-free operation of the network is not guaranteed.

The University of Szeged is unilaterally entitled to modify the terms of use.

The User using the WiFi service of the University of Szeged acknowledges that the use of the service means the automatic acceptance of the terms of use.
